

SANTA MARIA DEL CAMINO

Mary made two very important pilgrimages in her life, which are reflected in the gospels. The first to help her cousin Elizabeth, who was pregnant and older than her. And the second and most important, following her Son Jesus from her to the cross and resurrection.

With good reason we call her Santa Maria del Camino and we go to her, as the mother that Jesus gave us on the cross, so that she accompanies us and helps us along the way, especially in moments of difficulty, in which we have to make an extra effort. physical or faith to move on.

Maria lived happy moments and also very hard moments in her pilgrimages. The death of her Son on the cross would have been insurmountable if she had not been filled with the Holy Spirit.

Turn to her when you find yourself in difficulty, whether physical or spiritual. She will not abandon you, she is the mother of the afflicted and the comfort of sinners, she is a lawyer before God for all her suffering and repentant children.

Pray the rosary, walk meditating with her the mysteries of faith and you will feel her help and her love.

PRAYER

Santa Maria del Camino, come with us to walk.

I want to walk with you my way to Santiago and my way of faith.

Illuminate with your faith and hope as a mother my doubts as a son that she seeks.

Strengthen with your intercession my faith and my strength on this path.

Fill my heart with the love of God who is Father and Mother,
you, the mother that Jesus gave us from the cross.

Mother, accompany me throughout the path of Santiago and of life.
